OUR GUARANTEE

WE WILL RESUPPLY ONCE, at HALF of the ORIGINAL PRICE, all TREES, SHRUBS and EVERGREENS (no other plants guaranteed) WHICH FAIL to GROW THROUGH the FIRST GROWING SEASON (Sept. 1st.) PROVIDED the PLANTS HAVE RECEIVED PROPER CARE and THAT PAYMENT OF THE BILL HAS BEEN MADE WHEN DUE. ALL PLANT FAILURES MUST BE REPORTED (in writing) BY SEPT. 1st.

Labor for planting of all replacements is charged for on the same basis as new plantings.

EVERGREENS

ARBORVITAE (*Thuja*)

Arborvitae, American—Finest of all evergreen hedges, excellent too for lawn and foundation groups. Loves lots of moisture. Upright in growth. Each

3 to 3½ ft. \$5.00
4 to 4½ ft. 6.25

Arborvitae, American "Nigrum"—An excellent improvement over the regular American having a deep dark green foliage color. This plant was selected because of its rich color. Each

2 to 2½ ft. \$4.50
3 to 3½ ft. 5.50

Arborvitae, Baker—A graceful, symmetrical tree with bright green foliage. Withstands hot, dry, locations. Excellent evergreen to place on the West side of multiple-row windbreakers. If sheared, it makes an excellent foundation plant. Each

18 to 24 inches \$4.00

Arborvitae, Globe—Globe-Dwarf plant, compact, natural globe form without shearing. Use in foundation plantings or as accent plant with spreading and upright evergreens. Each

15 to 18 in. \$4.25

Arborvitae, Pyramidal American—A dwarf variety of compact growth and very narrow upright habit. Has a deep green color. Hardy everywhere except in dense shade. Splendid for formal plantings. Each

18 to 24 in. \$3.00
2 to 2½ ft. 4.25
3 to 3½ ft. 5.50

Arborvitae, Pyramidal Oriental—An erect grower which has the characteristic flat fan type foliage of the oriental strain. Dense and compact in habit and very hardy. Each

2 to 2½ ft. \$4.50

Arborvitae, Oriental (Rochester Strain)—Can now be grown in colder sections by using this new hardy strain. Used for entrance and foundation plantings being a broad dense pyramid. A fine, fine windbreak, seldom showing any discoloration and extremely drought resistant! Each

2 to 2½ ft. \$3.50
3 to 3½ ft. 4.50

Arborvitae, Siberian—Heavy, deeply chiseled foliage covers a rather low broad cone, more round than upright. 4 to 6 feet at maturity, but readily sheared to any shape or size. Each

2½ to 3 ft. \$5.50
3 to 3½ ft. 6.50

FALSECYPRESS (*Chamaecyparis*)

NEW!! DWARFTHREAD FALSECYPRESS

Introducing to the midwest, a fine dwarf evergreen. Can be used in shade or sun. Perfectly hardy in our 9 year field trial. Low mound shape. Truly a dwarf globe beauty! Matures at 4 feet. Each

4 to 4½ ft. \$13.50

FIR

Fir, Balsam—"The Christmas Tree of the North."

A solemn, impressive, pyramidal evergreen. Very hardy and clean. Needs little maintenance. Very fragrant needles add to its effectiveness. Each

2½ to 3 feet \$14.00

Fir, Concolor—One of the best because of its ability to withstand severe weather conditions. (Winter, heat and drought.) The showiest of all Firs because it is the nearest to blue. A wonderful living Christmas tree, too!!

18 to 24 in. \$9.00

Fir, Douglas—It is a rapid grower and has long graceful branches, less still than spruce. Foliage is soft, flexible, and fragrant. Will grow almost anywhere and stand adverse conditions. Rated by the University of Illinois as the No. 1 wind-break tree for Illinois!

18 to 24 inches \$4.00

HEMLOCK (*Tsuga*)

Hemlock, Canadian—Good all round evergreen for garden use. Valuable in combination with small ornamental trees and shrubs, and as a specimen. Unexcelled for creating quality hedges. Will even grow in shade! Needs protection from wind while young. Each

2 to 2½ ft. \$5.00

JUNIPERS (*Juniperus*)

Juniper, Andorra (*horizontalis plumosa*)—This handsome dwarf Juniper is a popular terrace, edging, foundation, or bank plant, seldom reaching over 18 inches high. At first touch of frost its silver green foliage turns a beautiful mauve pink, that is brought out so well when used in the foreground of plantings.

15 to 18 in. \$4.25
18 to 24 in. 5.25

Juniper Chinese (*chinensis*)—Tall columns of silvery blue. Hardy, easily established, and rapid in growth

3 to 4 ft. \$5.50

Juniper, Hetz (*hetzi*)—A new semi-upright spreading evergreen introduced by a Pennsylvania nursery, which has proven very hardy and is a very strong grower. Foliage is a fresh blue-green color. Develops with a higher spread than the regular Pfitzer type. Each

12 to 15 in. \$2.75
15 to 18 in. 3.75
18 to 24 in. 4.75

Juniper, Hughes (*horizontalis "Hughes"*)—A new form of the creeping Juniper. Steel blue summer color and retains a good winter color. A flat growing Juniper. Each

15 to 18 inches \$4.50

Juniper, Irish (*communis hibernica*)—Dwarf growing Juniper of upright, very dense, columnar habit, with bluish-green foliage. Makes a narrow column. Each

2½ to 3 ft. \$4.50

Juniper, Irish Dwarf (*communis hibernica nana*)—This is a selected strain of Irish Juniper. Plants right along side were twice as large. This is an extremely dwarfed evergreen reaching 3 feet in height in about 8 years. A real Valued addition to dwarfed trees. Each

18 to 24 in. \$4.25

Juniper, Japgarden Dwarf (*procumbens nana*)—Here at the Nursery, we have never taken quite the interest in a new evergreen that we have in the fine little flat "carpet-like" Dwarf Japgarden Juniper. It seldom grows more than 6 inches high, spreads slowly. In a class by itself for diminutive beauty. Each 12 to 15 in.\$5.25

Juniper, Meyer Singleseed (*squamata meyeri*)—Rich, unusual colors and unique form makes this one of the most fascinating of all evergreens. Rich, shiny blue foliage that in the sunlight takes on a distinct mauve blend. 2 to 4 feet high at maturity. A BEAUTIFUL STUDY IN COLOR HARMONY. Each 15 to 18 in.\$4.50
2 to 2½ ft.7.50

Juniper, Pfitzer (*pfitzeriana*)—Our most popular spreading evergreen. Low irregular, with a soft feathery appearance. Extremely hardy and will grow most anywhere. "The" evergreen for foundations! Each 12 to 15 in.\$3.25
15 to 18 in.4.50
18 to 24 in.5.50

Juniper, Pfitzer, Blue (*pfitzeriana glauca*)—This is the blue form of the regular Pfitzer Juniper. Excellent used as color contrast! Each 12 to 15 in.\$3.50
15 to 18 in.(Fall only)

Juniper, Pfitzer, "Kallays Compact" (*pfitzeriana compacta*)—Characterized by its low-growing (4') and dense habit. Finer textured than Pfitzer and much more suitable where low, flat spreaders are needed. DWARFED!! DENSE!! BEAUTIFUL!! Each 12 to 15 in.\$3.75
15 to 18 in.(Fall only) 5.00

Juniper, Polish (*comm. suecica cracovia*)—The hardest of the upright common Junipers. More dwarf in habit, has a light silver green color. Each 15 to 18 in.\$3.25

Juniper, Red Cedar (*virginiana*)—Compact, pyramidal evergreen popular for screens, hedges, windbreaks, and as specimens on the lawn. Each 18 to 24 in.\$3.75

Juniper Red Cedar, Burk (*virginiana burki*)—A popular upright Juniper with blue foliage that can be trimmed into a broad upright formal tree that holds its color all year. Each 2 to 2½ ft.\$6.00
2½ to 3 ft. (Fall)8.00

Juniper, Red Cedar, Canaert (*virginiana canaerti*)—A well-known evergreen or compact pyramidal growth. The dense foliage is a bright bluish green when fresh, maturing to a deep bronze-green during the winter. It can be trimmed in any desired shape or form, and is used a good deal in topiary work. Each 3 to 3½ ft.\$9.50

Juniper, Red Cedar, Hills Dundee (*virginiana pyramidiformia hillii*)—Foliage is a fresh blue green in summer, changing to plum-like tints in the fall and winter. Grows dense and formal without much shearing. Each 2 to 2½ ft.\$7.00
2½ to 3 ft. (Fall)9.00

Juniper, Red Cedar Keteleers (*virginiana keteleeri*)—Has a compact formal outline, making a thick green pyramid. Branches more fleshy than most Junipers. Has large blue berries in fall. Each 2 to 2½ ft.\$6.00
2½ to 3 ft. (Fall)8.00

Juniper, Sargents (*chinensis sargentii*)—A low prostrate creeping shrub. It makes an excellent ground cover with foliage a different color (steel-blue) from most other junipers used for the same purpose. Each 12 to 15 in.\$4.75
15 to 18 in. (Fall)5.75

Juniper, Savin (*sabina*)—A favorite trailer, dependable and hardy. Dark green, tufted foliage producing an ideal plant for the foreground and giving fine finish to foundation groups, parks, and formal beds. 3 feet at maturity. Each 12 to 15 in.\$3.25

Juniper, Savin, Columnar (*sabina fastigiata*)—Foliage is like regular Savin Juniper but habit entirely different. This has a broad pyramid shape ideal for modern style architecture! 18 to 24 in.\$4.75

Juniper, Savin Tamarix (*sabina tamarascifolia*)—Beautiful green foliage of most artistic character. A low creeping evergreen, very compact, forming a low mat of light misty green. A handsome edging variety and splendid in modern foundation plantings. VERY LIMITED SUPPLY. Each 12 to 15 in.\$3.75

Juniper, Savin Vonehron (*sabina "Vonehron"*)—A more vigorous grower than regular Savin and perhaps its outstanding merit is its complete resistance to the blight that sometimes mars the of regular Savin. Each 15 to 18 in.\$4.00

Juniper, Spiny Greek (*excelsa stricta*)—A native of Greece, forms a tall, dense, narrow, conical shape, tapering gradually from the ground to a sharp terminal point; fine glaucous color with very close-growing needles. Each 18 to 24 in.\$4.00
2 to 2½ feet5.00

Juniper, Vase Common (*communis depressa*)—Forms a distinct vase shape adding contrast to plantings. Each 18 to 24 in.\$5.00

Juniper Waukeegan (*horizontalis douglasi*)—A trailing form of Creeping Juniper with steel-blue foliage. A good ground cover and foundation plant. Each 12 to 15 in.\$4.00

PINES (*Pinus*)

Pine, Austrian—Few trees show such a remarkable resistance to trying conditions of the city. Needles are such a rich deep green, that it is often called the "Black Pine." Swell for specimens, background for your shrub border and an excellent windbreak. Each
18 to 24 in. **\$4.00**

Pine, Jack—The very hardiest Pine grown and will do well on dry, sandy soils when most other evergreens (and shrubs as well) will fail. 2½ to 3 ft. **\$4.75**

Pine, Mugho—
Sold out this season.

Pine, Norway
Sold out this season.

Pine, Scotch—Staunch, hardy, beautiful, evergreens for windbreak and specimen planting. One of the fastest growing Pines. In older years a delightful irregularity of outline gives picturesque landscape effects. Each
2 to 2½ ft. **\$4.00**
3 to 3½ ft. **6.00**

Pine, White—"King of Pines" has graceful and majestic stature, extremely rapid grower, hardy and dependable. Needles are so easily moved by the slightest breeze that a wonderful refreshing sighing is kept up. Each
18 to 24 in. **\$3.00**
2 to 2½ ft. **4.75**

SPRUCE (*Picea*)

Spruce, Black Hills—For many years, this Spruce has been a favorite due to its compact and symmetrical growth, even in very small trees. Its foliage varies from green to bluish tint. It should be planted where it has sun most of the day. Each
18 to 24 in. **\$3.75**

Spruce, Colorado—A great majority are of greenish cast with a slight bluish tendency. The blue color is more pronounced during the late spring and summer months. About 10% are blue enough to be called Colorado Blue Shiners. (For these selected tree we charge double the following prices.) Each
18 to 24 inches **\$5.00**
2 to 2½ feet **6.50**

Spruce, Dwarf Alberta—One of the most interesting oddities among evergreens. It is of extremely narrow pyramidal growth, thickly covered with short, close set twiggy branches and clothed in grass-green needles. Some of the oldest trees we have are 30 years old and only 4 feet high. It prefers a partially shaded, rather moist location. Each
15 to 18 in. **\$5.00**

Spruce, Koster Blue (*pungens glauca* "Kosteriana")—The most majestic, both in stature and color of all trees. A shining blue color and symmetrical pyramid. Most sought-after evergreen we grow!! Each
15 to 18 in. **\$15.00**

Spruce, Norway—For many years it has been in great demand for windbreak plantings, hedges, background groups as well as living Christmas trees. A tall compact pyramid with deep green needles, 60 feet high at maturity. Each
18 to 24 in. **\$2.75**

Spruce, Serbian (*omorika*)—A dense, silvery green foliage, and almost columnar form, is the finest of landscape plants. Because of its slower growth, this tree is suited for smaller parks and gardens!! Each
15 to 18 in. **\$3.00**
18 to 24 in. (Fall) **4.25**

YEW (*Taxus*)

Yew, Browns Dwarf—Has a dense habit and rich green color. It differs from spreading yews being more vase shaped in outline. Makes an excellent low hedge and is good for restricted areas, planter boxes, shady locations and modern foundation plantings. Each
12 to 15 in. **\$6.00**
15 to 18 in. **8.00**

Yew, Canadian—The hardiest of all Yews. It withstands even dense shade. The Yew to use in a complete dark shade. Similar in habit to the Spreading Japanese Yew. Each
12 to 15 in. **\$6.00**

Yew, Hatfield—A compact bush of conical shape with upright branches and radially spreading leaves. This habit makes it valuable for thick hedges as well as specimen planting. Each
18 to 24 inches **\$8.00**

Yew, Hicks—An upright type growing in a narrow column with multiple leaders. Rapid growing and has a deeper green color than most yews. Each
18 to 24 inches **\$ 7.00**

Yew, Hunniwell—Much like the Browns Dwarf but stands dense shade better and has bright red fruits that add to its effectiveness. An excellent low hedge and is good for planter boxes and restricted areas. Each
15 to 18 in. **\$7.00**

Yew, Japanese Dense (*cuspidata densa*)—A rich green compact semi-spreading Yew that is hard to beat. Large needles, closely spaced, plus strong multiple branches give a compact plant without becoming stubby. Each
12 to 15 in. (Fall) **\$6.00**

Yew, Japanese Dwarf—
Sold out this season.

Yew, Japanese Spreading—Ideal for shade. Deep green spreader type. Branches covered with plump "waxy" foliage. Highly desirable for foundation plantings or to mass in front of taller evergreens. Each
12 to 15 in. **\$5.50**
15 to 18 in. (Fall) **7.00**

Yew, Japanese Upright—One of the most truly beautiful evergreens. It grows slowly with a delightful irregularity of outline; its branches covered with the rich, waxen green foliage characteristic of all yews. Some trees have bright red berries in the fall. Each
18 to 24 inches **\$ 9.50**
2 to 2½ feet **12.50**

Yew, Kelsey Berrybush—Very attractive large, dark green foliage heavily dotted with bright red berries in the fall. Broad bushy habit, an excellent Yew. **HARDY!!** Large sizes literally infested with bright red fruit! Starts to fruit when only 4 to 5 years old. Each
15 to 18 in.\$7.50

BROADLEAF EVERGREENS

Barberry, Wintergreen (Julianae)—A substitute for boxwood and can be used as a short hedge, specimen in small restricted places. Fine near pools or ponds. Use in part shade. Each
2 to 2½ ft. B&B\$9.50

NEW! Corliss Euonymus

Here is something new! The broadleaf beauty of Euonymus foliage especially developed into two shrub forms, without support or training. They will, however, respond to shearing if a slightly altered shape is desired—these forms of Euonymus, because of their hardness make the broadleaf evergreen shrub available where our climate here in Illinois prohibits such items as Azaleas, Boxwood, and Holly.

Euonymus Emerald Pride (Patent 1073)—Neat, compact, evergreen shrub of ovoid form, with ultimate height of 4 feet and spread of about 3½ feet. Distinctly upright growth from one stem without support!

Euonymus Emerald Charm (Patent 1079)—Exceptionally compact specimen for upright narrow shape. Suitable for a pillar shrub, hedge, or pyramid. Ultimate height 4 to 5 feet, spread about 18 inches. Responds to shaping.

Euonymus Emerald Leader—This has colorful ornamental fruit in the fall besides its compact ovoid form. Grows to a height of 4 or 5 feet and spreads to about 2½ feet.

Each
15 to 18 inch pots5.00

Euonymus kiatschovicus "Dupont"—A compact strain of Euon. patens, characterized by small, dark green leaves—extremely bushy plant for its height. Two year old plants will have as many as 30 to 50 canes. Uses are many and varied—hedges, foundation plantings, under picture windows, in planter boxes, softens large expanse of wall (will cling to stone, brick and stucco!!!) Each
2 yr. cans\$1.25

Euonymus Saracoxie Upright Wintercreeper—Hardy-compact-evergreen. Rapid grower that will stand hot dry summers and varied winter conditions. Used as specimens or in groups plantings to 3½ or 4 feet high. Leaves are thick, glossy green year round. Each
12 to 15 inches, B&B\$3.75
15 to 18 inches, B&B4.75

Euonymus vegetus—A strong growing variety, with large leaves and producing bright orange-red berries which remain on the plant, the greater part of the winter. As an evergreen, hardy, wall cover, this plant is unequalled. 1 yr. cans\$5.75

Holly, American (Ilex opaca)—An old Holly that is at last receiving its due recognition. Evergreen, tall, narrow pyramid, leaves with the characteristics of spiny-toothed Holly leaf. Red Holly berries appear in late fall through winter. Much used for Christmas decorations.

Each
5 yr. XX 12 to 24 inches\$ 5.00
3½ to 4 feet20.00

Laurel Cherry, Schipka—Long evergreen leaves. White flowers in May followed by purple-black berries in late summer. Rapid grower and can be clipped to any size desired. Excellent for cutting winter greens for home decorating. 18 to 24 in. B&B\$5.50
2 to 2½ ft. B&B6.75

Mahonia, Oregon Grapeholly (acquistolium)—One of the more beautiful low-growing broadleaves. Has striking Holly-like leaves that vary in hues from dark green to shadings of red and bronze. Perfectly hardy but is best in partially shaded spots. Yellow flowers in spring followed by blue berries. Each
10 to 12 in. B&B\$3.25

Pyracantha Leland Firethorn—Heavy fruiting shrub which may be trained as a vine. Large trusses of white flowers in late spring followed by orange-scarlet holly-like berries. Prefers warm, sunny spot. Each
6 inch pot\$3.75

Viburnum Leatherleaf (rhytidophyllum)—Stout branched evergreen with large flower cymes in May and June. Fruits are red changing to black, very showy year round. Each
18 to 24 inches, B&B\$3.75

Teucrium, Germander—A well drained good garden soil is all that is required to grow these to perfection. Plant in full sun 6 inches apart for a beautiful edging hedge resembling dwarf Boxwood around rose beds, perennial beds, large shrubs or just along either side of your entrance walk. Clipped to any height up to 12 inches. Each
2 yr. cans\$7.50

Alder, European—A tree with a difference. Watch it in late winter or early spring when the conspicuous catkins of indescribable ruddy hue begins to assume prominence. 3 or 4 inches long, the bedeck every branch with a pendant fringe of greenish yellow. Foliage is also noteworthy dark toned and deeply veined. Loves moisture!!! Each
6 to 8 ft.\$ 7.00
1½ to 2 in. B&B15.00

Amelanchier "Shadblow"—White flowers in upright clusters in early spring, either before or with the leaves, make this tree of special interest. As the leaves unfurl, they reveal a marvelous gray green foliage. Fall foliage, yellow to red. Each
18 to 24 inches\$1.50

Ash, Green—A tough, long lasting tree of moderately rapid growth. Turn a bronze and purple color in fall. Fine shade tree for lawn or street as it has an open habit, permitting good sod underneath. Each
6 to 8 ft.\$ 4.75
8 to 10 ft.6.75
1½ to 2 inches9.25
2 inches, B&B22.50

Ash, Green "Marshalls Seedless"—This is the best of the Ashes for street tree use. "SEEDLESS"! Has fine glossy green leaves which are retained much later in the fall than other ashes. It's tolerant to dry conditions too, and rapidly makes up into a moderate size mature tree. Each
6 to 8 feet\$5.50
8 to 10 feet7.50

Baldcypress (Taxodium)—This is the famous Cypress from which the long lasting Cypress lumber comes. A beautiful ornamental tree with its majestic pyramidal top and soft feathery foliage. Especially desirable for planting on lawns, in parks, and along avenues. Withstands extreme heat and drought. —Each
2 to 3 ft.\$5.25
3 to 4 ft.6.50

Beech, European Green—In addition to its superb growth habits, it has dense, glossy foliage and striking, smooth gray bark. Leaves turn bronze in fall! Highly prized as a specimen tree. Each
6 to 8 feet B&B\$25.00

Beech, European Rivers (Purpleleaf)—Has deep purple leaves year round. When a community has one of these specimen trees, it is talked about for miles around. Has the same fine habit as the European Beech. Each
3 to 4 feet B&B\$22.00

BIRCHES

Birch Canoe

Sold out this season!

Birch, Clump—Beautiful landscape and home lawn tree with several trunks in clump form growing from one root system. Snowy white bark develops in a few years giving it winter as well as summer charm. Each
5 to 6 ft.\$6.75

Birch, Cutleaf Weeping—Its graceful weeping branches, and shimmering white bark make this one of the most beautiful ornamental trees. Even in winter, without foliage, the branches make a lovely silhouette against the drab colors of other trees. Each
4 to 5 ft.\$ 4.25
7 to 8 ft.8.00
7 to 8 ft. B&B11.50
8 to 10 ft. B&B13.00
2 in. B&B F.O.B. Nursery22.50

Birch, European White—A graceful tall tree, showing a white bark as it matures. A fine ornamental tree in any position, especially in evergreen group, where the bark shows up most effectively. Each
6 to 8 ft.\$ 5.00
6 to 8 ft. B&B9.00
8 to 10 ft. B&B11.00
2 in. B&B F.O.B. Nursery22.50

Birch, Pyramidal European White—Columnar in habit. Stately and commands the landscape with its gleaming white bark and tall narrow form. Each
8 to 9 ft. B&B\$14.50

Butternut—Also known as the White Walnut, it has gray bark, produces the very edible "Butternuts" of our timbers. A native tree of large proportions. Where a nut tree is wanted, Butternut is an excellent choice. Each
6 to 8 ft.\$ 6.50
1½ to 2 in.10.00

Cercidiphyllum, Katsuratree—A tree of extreme promise as a top shade tree. No known insect or disease pest!! Autumn colors are vivid yellow to scarlet, and the leaves when they come out in the spring are beautifully red-tinted. The heart-shaped leaves add a spark to the spring show that makes for dignity and restfulness. Each

5 to 6 ft. B&B\$15.00

Cherry, Flowering Kwanzan—The most popular and beautiful of all the flowering Cherries. Flowers are very double, about 2½ inches in diameter, deep pink in color, and borne before the leaves. So, provide an unsurpassed display. Each

6 to 7 ft.\$8.00

Chestnut, Chinese—Early bearing, sweet meated, delicious, blight resistant Chestnut. Very similar to our former native American Chestnut. Ideal yard and shade tree. Each

6 to 8 ft.\$6.50

FLOWERING CRABAPPLES

Aldenham—Single purplish red flowers! Fruit reddish purple.

➤ **Almey**—Single carmine flowers! Fruit bright red!

➤ **Eleyi Purple**—Single purplish red flowers! Fruit purplish red!

➤ **Japanese**—Single pink and white flowers! Fruit yellow!

Katherine—Double pink and white flowers!

➤ **Red Silver**—Single purplish red flowers!

Ringo—Single pink flowers!

Sargents—Single white flowers! Low shrub-like!

➤ **Scheidecker**—Double pink flowers!

Strathmore—Single purplish red flowers! Columnar form!

➤ **Van Eseltine**—Double carmine flowers!

Elm, Hybrid—

Sold out this season.

Elm, Moline—A rapid growing tree which produces maximum shade in a hurry. Compact, upright growth. This variety was discovered growing at Moline, Illinois. Each

1½ to 2 in.\$8.50

Euonymus Yeddo—Sturdy branched, flat topped tree from the Orient, with coarse textured, leathery foliage, and extremely showy rose-pink fruit that remain effective til late fall when the purplish red leaves take over the interest. Where a small fruiting tree or large shrub is needed for terrace or patio or for specimen use elsewhere this is the answer!! Underplanting it with an evergreen ground cover will double its effectiveness. Each

2 to 3 feet\$2.25

Ginkgo—The most ancient of trees. Prized for its picturesque growth habit and its beautiful light green, fan-shaped leaves. The foliage turns yellow in autumn. Each

4 to 5 ft. B&B\$7.50

Hackberry—The "storm-proof" tree. Very fine and valuable for street or lawn planting. Rough bark. Rapid growing, completely hardy and branches are seldom broken by wind. Each

6 to 8 ft.\$ 5.00

1½ to 2 inches12.50

HAWTHORNES

Hawthorne, Cockspur (crusgalli)—Truly excellent for its horizontal branching habit of growth, withstands shearing well; makes hedges too! Outstanding white flowers, bright red fruit and lustrous dense foliage make this one of the best. Each

2 to 3 ft. B&B (Fall)\$7.50

Hawthorne, Lavelle—Handsome white flowers brick red fruit, and bronzy red autumn foliage make this Hawthorne of particular interest. The fruits remain on the tree throughout the winter.
3 to 4 feet\$4.50

Hawthorne, Pauls Scarlet Flowering—One of our most beautiful lawn trees. A decorative tree with an abundance of carmine-red flowers in late May or early June followed by bright red berries. It has very attractive deep-cut leaves. Hardy and very desirable.
4 to 5 feet B&B\$9.50

Hawthorne, Washington—Has so many reasons to recommend it. Small tree to 25 feet. Leaves turn a bright scarlet in the fall. Showy white flowers in May. The most outstanding characteristic is the excellent shining scarlet red fruits that persist practically all winter.
Each

4 to 5 ft. B&B\$8.00

Hornbeam, Columnar European (Carpinus betulus fastigiata)—Upright habit, excellent form. A fine foliage tree. Used considerably in Europe and should be more widely used here in Illinois.
3 to 4 ft. B&B\$15.00

Koelreutria, "Goldenrain Tree"—Covered in early summer with large, showy panicles of bright yellow flowers. These are followed by conspicuous bladder-like pods that are handsome in autumn. Bark and tortuous branches give winter interest.
4 to 5 ft. B&B\$7.00

Lilac, Japanese Tree—Growing in favor—it is a surprise to most casual observers that this spectacular late blooming (June—July) tree is really Lilac. Large individual creamy-white panicles are held upright. Even in the winter it is picturesque because of its verticle branching tendency and shiny Cherry-like bark.
4 to 5 ft. B&B\$7.00
5 to 6 ft. B&B9.00

Linden, American—Also known as Basswood. A medium growing, symmetrical tree which has heart shaped leaves. They bloom in early summer with very fragrant yellowish-white flowers that are very attractive to bees. The finest specimen we have seen exists in the back yard at 512 Rockwell Street in Kewanee, Illinois.
Each

6 to 8 ft.\$5.00
8 to 10 ft.7.00
1½ to 2 in.9.25

Linden, Pyramidal American—Among the best of our shade trees. Widely used for ornament as specimens and are especially valued as street trees. It has a narrow pyramidal form with ascending branches.
Each

6 to 8 ft. B&B\$14.00

Linden, Redmond Pyramidal (euchlora "Redmond")—A new attractive Linden. Light fresh green foliage, strong branching, and pyramidal shape, make this tree a superlative street and home tree.
Each

5 to 6 ft. B&B\$15.00

Locust, Globe—A splendid small ornamental tree that develops a symmetrical round top without shearing. Makes a good shade tree when mature. Desirable for planting under utility wires and on streets where larger trees are not practical.
Each

6 foot Stems\$9.50

THORNLESS HONEYLOCUST

Locust, Thornless—This is the Thornless type of Honeylocust and widely planted as a shade tree because it develops rapidly and does not break in windstorms. It has remarkable drought resistant quality and will stand severe pruning.
Each

6 to 8 ft.\$ 4.50
8 to 10 ft.6.00
1½ to 1¾ in.10.00

Locust, Thornless "Imperial" (Patent Pending)—Exceptionally graceful spreading tree. Branches are symmetrically arranged, forming a compact tree. It grows straight and strong WITHOUT STAKING. Extremely rapid grower with good and strong branches.
Each

5 to 6 ft. whips\$7.00
6 to 8 ft.9.75

Locust, Thornless "Moraine" (Patent No. 836)

—An improved Honeylocust with a round head when young, but tall and vase shaped when older. Grows to 30 feet 7 years after planting and ultimately to 80 feet. THORNLESS, SEEDLESS, withstands flood and drought. Long lived. The No. 1 shade tree on the hit parade!!
Each

5 to 6 ft. whips\$ 7.25
6 to 8 ft.10.00
8 to 10 ft.13.00

Locust, Thornless "Skyline"—Has distinctive pyramidal form! It develops an exceptionally strong sturdy trunk and shapely crown without being staked or specially trimmed. An added touch to this variety is its emerging leaves have an added touch of reddish bronze cast.
5 to 6 ft. whips\$7.00
6 to 8 ft.9.75

Locust, Thornless "Sunburst" (Patent No. 1313)—The first new color in a hardy ornamental shade tree in decades. Bright golden foliage on 8 to 10 inches of branch tips, contrasts with the rich green of the balance of the tree. APPEARS TO BE IN BLOOM ALL SUMMER! Exactly the same thornless and seedless characteristics of the Moraine Locust. Very sturdy, and rapid growing.
Each

5 to 6 ft. whips\$8.00

Magnolia, lennei (Red)—Flowers are the darkest of the Magnolias, a rich rose purple, one of the latest varieties to bloom. A magnificent sight
2 to 3 feet B&B\$12.50

Magnolia, Saucer (Pink)—It makes a small tree with shining green leather leaves and in early spring produces its enormous saucer shaped pinkish white flowers, (purplish outside). Showiest of the family for planting in northern gardens, and when in bloom, even one plant will dominate the garden — YES — even the neighborhood.
Each

2 to 3 ft.\$9.50
3 to 4 ft.13.50

Magnolia Stellata (Star)—The hardest Magnolia for Central Illinois. A multi-branched, wide-spreading tree bearing profuse large flowers of pinkish white. Extremely fragrant. Each
2 to 3 ft. B&B\$12.50

MAPLES

Maple, Crimson King (Patent No. 735)—Unquestionably the most beautiful of all Maple shade trees. The only variety in existence that retains its rich, dark, crimson color throughout the season. This creates an exciting contrast to lawns and shrubs. Excellent for large or small lawns. Each
4 to 5 ft. whips\$4.50
1 to 1½ in.\$12.50
1½ to 1¾ in.15.00

Maple, "Fassen Black" Norway—Handsome tree with brilliant, dark crimson, nearly black foliage, all through the season. Introduced from Holland. Each
5 to 6 feet (light)\$8.50

Maple, Ginnala (amur)—Small multi-stemmed tree to 20 feet with upright dense head; the brilliant scarlet autumn foliage is striking. Very adaptable as to soil and exposure. This plants seems to have no troubles. Each
5 to 6 ft. B&B\$7.50
6 to 7 ft. B&B9.25

OAKS

Oak, Pin—A noble tree and the most valuable of all Oaks for general planting. Beautifully carved foliage of deep waxy green assumes bright orange and red colorings in the fall. Extremely long lived and hardy. 50 feet at maturity. Each
5 to 6 ft.\$5.00
6 to 7 ft.7.50

Oak, Red—Magnificent native tree of large size and rapid growth. Deeply cut foliage of bright waxy green that turns a brilliant purplish red in fall. Excellent for shade as lawn or avenue tree. Each
5 to 6 ft.\$5.50
6 to 7 ft.8.00

Oak, Scarlet (coccinea)—Develops into a beautiful tree with loose open head allowing more sunlight through. Colors a brilliant scarlet in the fall. Each
5 to 6 ft.\$11.50

Oxydendron, "Sourwood"—Definitely one of the finer ornamental trees. Its lustrous, leathery leaves, its drooping flower clusters, (equally attractive in bud and visible much of the year) combine to give this tree special quality. It is strikingly beautiful in its brilliant autumn foliage. The lacey fruit clusters continue to be decorative into late autumn and early winter. 18 to 24 inches B&B\$3.50
2 to 3 feet B&B4.50

Persimmon—A small tree growing native in Peoria County. The foliage is very attractive, being a shiny, dark green, and coloring nicely in the fall (yellow). The fruits is a small pulpy orange berry, strongly astringent when green but sweet and delicious when ripe. Each
6 to 8 feet\$7.00

Maple, Grossers (grosseri herisi)—A rare and unusual Maple. Twigs in winter colored a brilliant red. Almost as brilliant as some of the red-stemmed Dogwoods! It has unusually attractive white striped bark and trunk. Almost identical to Striped Maple. (Acer penn. erythrocladum.) Each
2 to 3 ft. B&B\$15.00

Maple, Norway—Medium rapid grower and one of the most loved trees in America. Almost from the start it develops a symmetrical rounded top, densely covered with dark green foliage. In late fall its red, yellow, and orange colors light up the country side. There is no finer tree for street and lawn planting. Each
6 to 8 ft.\$ 5.50
8 to 10 ft.7.50
1½ to 2 in.15.00

Maple, Pyramidal Norway—"The Shade Tree With A Future." This valuable Maple has a single stemmed structure with side branches sweeping upwards. Its spire like habit lends a note of dignity, hard to equal. Particularly useful for accent, shallow lawns, or narrow streets where its tall form fits into the scheme very effectively. Each
4 to 5 ft. whips\$3.25
6 to 8 ft.7.50

Maple, Red—One of our most colorful trees in both spring and autumn. Red fruits in the spring before the leaves and BRILLIANT red fall foliage, sometimes orange or yellow. Rapid grower producing heavy shade under which grass can be grown. Each
6 to 8 ft.\$ 6.50
8 to 10 ft.8.50
2 in. B&B F.O.B. Nursery22.50

Maple, Red Columnar—Densely upright in habit, an excellent, fast growing columnar type, some times densely pyramidal in outline at maturity. Each
6 to 7 ft. B&B\$13.25

Maple, Schwedlers Redleaf—This tree can really "Do Things" for that lawn of yours. Brilliant purplish-red leaves in the spring offer contrast with the vivid greens of surrounding nature. Gradually softens to bronze and later to waxen green. We recommend this as one of America's finest and most enduring lawn and street trees. Each
4 to 5 ft. Whips\$3.25
1½ to 1¾ inches20.00

Maple, Silver—This is the MOST RAPID growing of all our shade trees, growing to immense size in a hurry. New home owners will welcome the shade this tree gives in just 4 or 5 years. An excellent shade tree, easy to transplant and extra hardy here in Illinois. Each
6 to 8 ft.\$ 3.75
8 to 10 ft.5.00
1½ to 2 in.9.00
2 to 2½ inches15.00

Maple, Sugar—"Glorious in its range of autumn colors". Probably our best tall shade tree. The leaves are beautiful autumn tints of yellow, orange, and scarlet. Medium rapid grower.

Each	
6 to 8 ft.	\$6.00
8 to 10 ft.	8.00

Maple, Variegated Leaf—This dainty aristocrat with its silver edged leaves is one of the smallest of the Norway Maples. Merits use where an easily grown and easily maintained, yet showy tree is wanted.

Each	
6 to 7 ft.	\$8.25

Mountainash, European—The graceful fine foliage and symmetrical round head of this tree make it well suited to specimen planting. The bright red-orange berries give it a place in every planting as a truly colorful ornamental tree to 25 feet in height.

Each	
6 to 8 ft.	\$4.75
8 to 10 ft.	6.25
6 to 8 ft. (Clump Form)	9.25

Mountainash, Dwarf—A dwarf edition of the familiar Mountainash. The big orange berries make this a real diminutive beauty.

Each	
3 to 4 ft. B&B	\$7.50

Nyssa, Sourgum (Sylvatica)—Habit is similar to Pin Oak when young. 35 feet at maturity. Leaves are tough, lustrous in summer and like brilliant copper in the fall. A MAGNIFICENT SIGHT! Likes a wet location.

Each	
2 to 3 ft. B&B	\$8.50

Phellodendron, Amur Corktree (amurense)—A wide spreading rough barked tree producing light shade. A clean tree. Has large branches of picturesque habit and corky bark which is of interest all winter.

Each	
4 to 5 ft.	\$4.75

Planetree, London—One of the most useful street trees. It has a broad coarse, foliage which resists smoke, dust and ravages of insects and carries its summer green until late in the autumn. For a rapid growing tree of permanence it holds first place.

Each	
1¼ to 1½ in. (8 to 10 ft.)	\$10.00
1½ to 2 in.	14.00
2 in. B&B, F.O.B. Nursery	22.50

Plum, Redleaf "Thundercloud"—The vivid red color from a distance looks like an ominous thunderhead cloud. Outstanding for its ability to hold its red color during the hot summer months.

Each	
5 to 6 ft.	\$4.25
6 to 8 ft.	6.00

Plum, Redleaf "Cistena"—Outstanding for its brilliant red foliage throughout the growing season. Has a small pink bloom in spring.

Each	
4 to 5 feet	4.00
5 to 6 ft.	\$6.00

Poplar, Lombard—Very tall, rapid-growing tree with spire like habit. Its tall, narrow lines make it PICTURESQUE, and commands the landscape for miles. Used extensively in screens or to accent shrubbery groups.

Each	
4 to 5 ft.	\$.75
6 to 8 ft.	1.50
10 to 12 ft.	3.25

Poplar, Boleana—

Sold out this Spring.

Prunus triloba (Flowering Plum)—Blossoms early in May before the leaves come out. Delightful double quilled bright pink flowers stud every twig and branchlet so heavily no wood is visible. Very handsome and should not be left out of any garden.

Each	
4 to 5 ft.	4.50

Red Bud (Cercis)—Before the leaves come out the branchlets are literally loaded with clusters of small purplish-pink pea blossoms. Native in Illinois. The foliage consists of attractive medium sized heart-shaped leaves. VERY ORNAMENTAL.

Each	
2 to 3 ft.	\$1.50
3 to 4 ft.	2.50
4 to 5 ft. B&B	5.25
5 to 6 ft. B&B	6.50
6 to 8 ft. B&B	9.00

Russian Olive—Rather large growing shrub with silvery foliage. Fine for screen plantings for contrast with other shrubs. Particularly effective using it as a background for the Red Leaf Plum.

Each	
2 to 3 ft.	\$1.25

Sophora "Pagodatree"—Judged by any criteria, this is easily one of the world's finest trees. It blooms in summer, (large loose clusters of creamy colored, pea-like flowers), and its yellow green pods in the autumn are handsome. There is almost a misty appearance against the sky as one looks at the tree from a distance.

Each	
3 to 4 feet B&B	\$12.50

Sweetgum—This pyramidal shaped tree is noted for its beautiful symmetry and star-shaped leaves which turn brilliant red, orange, and yellow in autumn. The bur-like fruits are conspicuous on the tree after the leaves fall.

Each	
5 to 6 feet B&B	9.00
6 to 8 ft. B&B	\$12.00
8 to 10 ft. B&B	15.00

Sycamore—Considered the largest hardwood tree in North America. It is one of the more rapid growing trees. The bark on the younger trunk and larger limbs is very smooth and greenish-gray in color. The outer bark yearly flakes off in large white patches and exposes the nearly white younger bark.

Each	
6 to 8 feet	\$5.00
8 to 10 feet	7.00
1½ to 2 in.	\$10.00

Tuliptree—An impressive specimen of this tree is never forgotten (nor is its simple but beautiful leaf shape). It gets its name from its flowers, 2 inches or more across, Tulip-shaped greenish yellow, with an orange band. The foliage is a brilliant yellow in autumn.

Each	
5 to 6 feet B&B	\$7.00
6 to 8 feet B&B	9.00

Walnut, Eastern Black—No description necessary here. Everyone has collected the delicious Walnuts from under this tree.

Each	
6 to 8 ft.	\$7.00
8 to 10 ft.	9.00

Weeping Willow, Niobe—Handsome weeping tree, with golden yellow bark and leaves with a pronounced lacy effect. Exceptionally strong, hardy, graceful tree. Each

6 to 8 feet	\$4.00
8 to 10 feet	5.00
1½ to 2 inches	7.50

Willow, "Contorted Hankow"—A very odd appearing horticultural curiosity. Upright with a corkscrew twist. Compact growing, large shrub or small tree. The ideal garden tree for the unusual. Each

10 to 12 ft.	\$9.50
-------------------	--------

Yellowwood, American—Keep in mind this specimen tree with its hanging clusters of white "Wisteria-like" flowers when you are landscaping. Has unusual, beautifully smooth gray bark and presents a real fall color of striking orange to yellow foliage. Each

3 to 4 ft. B&B	\$6.75
----------------------	--------

Zelkova "Japanese Keaki Tree"—A beautiful new medium sized shade tree from Japan. Graceful, round headed tree. Well adapted to street and lawn planting. Our finest substitute for the grand old American elm. Entirely resistant to the Elm disease. Each

3 to 4 ft.	\$3.50
5 to 6 feet	\$12.00

Acanthopanax, 5-leaved Aralia—Medium growing shrub which is valuable because of its ability to grow in shaded areas. Has light green foliage and makes a dense shrub with shearing. Bears small thorns on stems. Each

2 to 3 ft.	\$1.50
3 to 4 ft.	2.00

Althea, Rose of Sharon—Upright growing shrub noted for its profusion of large blooms in September and October. This is the only shrub which produces varied color in the border for fall. Named colors in red, pink, white and blue. Each

18 to 24 in.	\$1.00
2 to 3 ft.	1.50
4 to 5 ft.	2.50

Aronia, Red Chokeberry—A useful shrub combining good habits of growth, attractive summer and fall foliage, showy flowers and brilliant fruits. Leaves glossy green, turning bright red in the fall. The white flowers in early May are followed by fruit which become brilliant red in the fall. Each

18 to 24 in.	\$1.50
-------------------	--------

BARBERRY

Barberry, Crimson Pygmy Redleaf—The most brilliant colored dwarf foliage plant in cultivation. Deep ox blood red. Eight year specimens are 15" in spread and 10 to 12 inches high. Perfectly shaped and brilliantly colored. Plant in full sun. Each

9 to 12 in. B&B	\$3.00
-----------------------	--------

Barberry, Greenleaf Japanese—There is no shrub in existence more popularly used for foundation plantings and hedges. Autumn paints the foliage crimson and bronze and studs the branches with red berries which hang on all winter. Each

15 to 18 in.	\$.75
18 to 24 in.	1.00
2 to 2½ ft.	1.35

Barberry, Japanese Greenleaf Dwarf (minor)—A miniature edition of the regular Greenleaf Japanese Barberry. Matures at 4 feet Each

12 to 15 in.	\$1.75
-------------------	--------

Barberry, Mentor (Plant Patent No. 99)—Very rugged, strong, upright growing branches and quite formidable thorns, foliage is heavy and thick, and of perfect color—a green as dark as the Yew. In Illinois the leaves remain green until after the holidays. Its most valuable attribute is its ability to withstand heat and drought. Will grow in almost any impossible location. Each

2 yr. X	\$.50
2 to 3 ft.	2.00

Barberry, Redleaf Japanese—Attractive red foliage in FULL SUNLIGHT. Especially showy and rich in the foreground of shrub or evergreen groups. Excellent in combination with Golden Privet. Each

15 to 18 in.	\$1.00
18 to 24 in.	1.50
2 to 2½ ft.	2.00

Barberry, Japanese Truehedge-Columnberry—

15 to 18 inches	per 10
	\$15.00

Beautybush (kolkwitzia)—
Sold out this Spring.

Buddlia, Butterfly Bush—For delicate coloring, long blooming period, for hardiness and general dependability, these Buddlias listed below are unexcelled. NOT only are the blooms exquisite, but they will attract the most colorful butterflies. Charming—(Bright Pink)—Dubonnet—Ile de France —(Claret-purple). —Each

No. 1 Plants	\$1.00
--------------------	--------

Calycanthus, Sweet Shrub—Dense specimen with large glossy leaves, growing well in shade. Deliciously spicy fragrant, dark maroon chocolate flowers in early June and blooms all summer. Each

2 to 3 ft.	\$1.25
3 to 4 ft.	1.75

Caragana "Siberian Peashrub"—A hardy upright shrub with yellow pea-like flowers. Its rugged nature makes it ideal for exposed locations. Each

2 to 3 ft.	\$1.75
-----------------	--------

Caryopteris "Blue Mist"—Grows 24 inches high, perfectly rounded making a small mound about 2 feet in diameter covered from August 'til frost with powdery blue fringed flowers. No. 1 Plants

	\$1.00
--	--------

Cephalanthus, Buttonbush (*occidentalis*)—White globe-shaped flowers in late summer when few other woody plants are in bloom. Large, shiny, leathery leaves. Fine in wet locations. Each 3 to 4 ft. **\$1.50**

Chionanthus, White Fringetree—A handsome, tall growing shrub of tree-like proportions. Fragrant drooping panicles of white flowers in May and June. Large green leaves turning yellow in fall followed by small blue plumlike fruits. Each 18 to 24 in. B&B **\$3.25**

Cotinus, "Smoketree"—Unique spreading tree-like shrub with large leaves that change to a brilliant red-yellow and orange in the fall. Overhanging in midsummer by cloud-like masses of mist-like flowers, having the odd appearance of purple smoke. Each 3 to 4 ft. **\$3.00**
4 to 5 ft. **3.50**
5 to 6 ft. B&B **7.50**
6 to 8 ft. B&B **8.50**

Cotinus, "Smoketree Redleaf" (*rubrifolia*)—Rare bronze-leaved and bronze-plumed Smoketree. We are sure this unique variety of the ever popular old Smoketree will make a fine display in your garden. 2 to 3 feet **\$5.00**

COTONEASTERS

Cotoneaster, Cranberry (*apiculata*)—A beautiful dwarf Cotoneaster. This little known variety grows about 2 feet high with arching branches weighted down in the autumn with masses of bright crimson fruits about the size of a Cranberry. Foliage is shiny green. Is not subject to red spider or other troubles. Each 15 to 18 inches B&B **\$4.50**

Cotoneaster Early Creeping (*adpressa praecox*)—Sold out this Spring.

Cotoneaster, multiflora calocarpa—One of the few Cotoneasters of interest in flower as well as fruit. The flowers and fruits are profusely borne and the habit is very widely spreading. Its fruit are a bright red—Considered one of the best of all!! It stands out from other plants in the shrub border. 2 to 3 ft. B&B **\$4.50**

Cotoneaster Peking (*acutifolia*)—Glossy bright green leaves gives polish to foundation groups and landscape borders. Rich scarlet colors in the fall, and jet black ornamental fruit. We consider it one of the best landscape shrubs. Each 2 to 3 ft. **\$1.50**

Cotoneaster, Spreading (*divaricata*)—Bright red berries in fall. Waxy green leaves turn a vivid colorful red in fall. The choicest of all varieties. Bush well formed and compact. Each 15 to 18 in. **\$1.25**
3 to 4 ft. B&B **3.75**

Currant, Alpine (*Ribes alpinum*)—An excellent dense foliage mass; useful for borders and hedges. One of the best for shady locations. Foliage burns if planted in direct sunlight. Each 4 yr. X **\$1.25**

Daphne, Somerset—Sold out this Spring.

Deutzia, lemoine—This is one of the beautiful hybrid Deutzias and it is particularly desirable as a specimen shrub because of its graceful habit and profusion of white flowers borne in masses of thickly clustered panicles. — Each 15 to 18 in. **\$1.25**

Deutzia, Pride of Rochester—A tall shrub with reddish branches, rough leaves, and erect clusters of white flowers often tinged with pink which bloom in late Spring. Each 5 to 6 ft. **\$2.25**

Deutzia, Rose Panicle (*rosea*)—This lovely plant is the prettiest and most graceful of all the Deutzias. In late May there is a super-abundance of delicate pink flowers which cover the entire plant. It does well in sun or light shade and is excellent for edging walks or in foreground of foundation plantings. Ultimate height 3 to 3½ feet. Each 15 to 18 inches **\$1.75**

Deutzia, Slender (*Gracilis*)—Sold out this season.

DOGWOODS

Dogwood, Cornelian Cherry (*mas*)—One of the earliest blooming of the Spring-flowering shrubs with flowers before the leaves (early April). A sturdy vigorous yellow flowering plant, useful as a specimen or in the shrub border as a hedge. Each 18 to 24 inches **\$2.50**
2 to 3 feet **3.00**

Dogwood, Redtwig, Kelseydwarf—Barely exceeds 24 inches in height. Colorful red stems and small dense leaves. Another dwarf shrub for the foundation! Each 12 to 15 in. **\$1.00**

Dogwood, Redtwig

For winter color "Par-excellence" the blood red twigs of the Red Dogwood and the bright yellow twigs of the Yellowtwig Dogwood can't be matched. Try a couple of each and add that welcomed bright color to an otherwise drab winter! ! Berries attract 93 kinds of birds. 3 to 4 ft. **\$1.75**

Dogwood, Variegated Creamedge—One of the finest Dogwoods grown today, although one of the scarcest shrubs among nurserymen. Branches have bright red bark and foliage is a strikingly variegated (greenleaf with cream colored edges). The color contrast on this shrub creates a fine landscape effect. Each 2 to 3 feet **\$2.25**

Elder, Golden (*Sambucus*)—Its golden yellow leaves contrast well with other shrubs. Flowers white, in flat topped clusters. A heavy fast growing shrub. Each 2 to 3 ft. **\$1.00**

Eleagnus, Cherry (*multiflora*)—A vigorous shrub noted for its red fruits somewhat the size and shape of elongated Cherries, borne in early summer before most other fruits ripen! Also valued for the contrasting foliage, dark green above and silver beneath. Each 18 to 24 inches **\$2.00**

THE NURSERY — AND THEIR OUTSTANDING CHARACTERISTICS!

EUONYMUS

Euonymus alatus (Winged Euonymus)—Voted by many as their favorite landscape shrub. To see the vivid scarlet autumn foliage color, the scarlet fruit, (opening capsules) the corky ridged bark, horizontal branches and compact habit is to see why it is so voted! Please enter our vote!!!
Each
2 to 3 ft. \$3.00

Euonymus alatus compacta (Dwarf Winged Euonymus)—Every place should have one of these year round beauties. In late fall, foliage turns the most vivid copper-red-rose hues. One of the most useful shrubs in existence. Can be used in either foundation or border plantings.
12 to 18 inches \$2.00

Euonymus Brook (americanus)—We have selected a heavy fruiting strain of this native "Wahoo." The fruit has a peculiar warty growth that ripens a striking clear pink. The mother plant created a lot of conversation among visitors here at the nursery with its striking pink capsule fruit and red fall foliage. — Each
18 to 24 in. \$1.25

Euonymus, European "Aldenhamsensis"—This upright shrub to 4 to 5 feet is among the finest of the fruiting ornamentals. The rigid branches carry extra large rose-red fruits which age to a brilliant red and are retained long after the leaves have dropped. Free from "Bugs and troubles." Excellent for the small garden! Each
2 to 3 feet \$2.50

Euonymus Yeddo—Sturdy branched, flat topped tree from the Orient, with coarse textured, leathery foliage, and extremely showy rose-pink fruit that remain effective til late fall when the purplish red leaves take over the interest. Where a small fruiting tree or large shrub is needed for terrace or patio or for specimen use elsewhere this is the answer!! Underplanting it with an evergreen ground cover will double its effectiveness. Each
18 to 24 inches \$1.75
2 to 3 feet 2.25

Filbert, European Curly (avellana contorta)—A rare shrub with fantastically twisted, turned, and almost corkscrew-like branches. Slow of growth but easily cared for. Plant it where you can enjoy the curiously twisted branches in the winter against the snow. Here is a really good conversation piece. Each
18 to 24 in. \$5.00

FORSYTHIAS

Forsythia, Arnolds Dwarf—This new Forsythia grows only a few feet tall and the spreading branches root readily in contact with the ground. Its compact spreading growth habit makes a good ground cover. Introduced by the Arnold Arboretum.

12 to 15 in.	Each \$.90
	Per 100	\$75.00
18 to 24 in.	Each	\$ 1.50
	Per 10	\$12.50

Forsythia, Beatrix Ferrand—A new Forsythia originated at the Arnold Arboretum. It is an extremely vigorous grower, making a large symmetrical bush. The deep golden yellow flowers are over 2 inches in diameter and have striking orange marking in the throat!!
2 to 3 ft. \$2.25

Forsythia "Lynwood Gold"—Wonderful new "Golden Bell" from Ireland. Branches truly smothered under brilliant yellow flowers from top to bottom. We feel this variety will replace all other deep yellow varieties in years ahead, because the individual blooms are fuller and of richer substance than the usual.
5 to 7 feet at maturity Each
2 to 3 ft. \$2.25

Forsythia "Spring Glory"—Large pale yellow blossoms of great loveliness. Extremely heavy flower production that heralds the arrival of spring magnificently. Each
3 to 4 ft. \$1.75
4 to 5 ft. 2.25

Hazelnut, American—Excellent native shrub valued for its edible nuts and useful for naturalistic plantings in large areas. Grows in dense clumps or thickets, filling the ground with erect branches. Each
3 to 4 ft. \$2.00
4 to 5 ft. 2.75

HONEYSUCKLES

Honeysuckle, Claveys Dwarf—New dwarf shrub. So fine for the ranch style homes, low foundation or borders. Develops a dense, broad shrub to 3 feet high. Makes an excellent dwarf, compact hedge, and individual plants of note, where smaller dwarf type shrubs are needed.

	Each	Per 10	Per 100
9 to 12 in.	\$.50	\$ 4.50	\$30.00
12 to 18 in.75	6.50	50.00
18 to 24 in.	1.00	8.50	75.00
2 to 2½ ft.	1.75	16.00	150.00

Honeysuckle, Morrows — The Japanese Bush Honeysuckle is a heavy bush with dense foliage. Excellent screening plant. Flowers white, fruit bright red. This shrub branches well to the ground. A good tight screen for that "Outdoor living room" of yours!
3 to 4 feet \$1.50

Honeysuckle, Winter (fragrantissima)—The stiff, leathery, half-evergreen leaves are one of its chief attractions. Its early, very fragrant flowers are another, coming at a time when very few other woody plants bloom. (Mid April). It has red fruits in early summer, attractive to birds. Each
2 to 3 feet \$1.50

Honeysuckle, Zabeli—OUR BEST SCREENING PLANT. A rapid growing large shrub that will give your yard the privacy and freedom from "Neighbors," plus screening out unsightly views, very rapidly and effectively. Flowers are a bright red. The foliage is a lively blue-green throughout the season. Grows to 10 or 12 feet in a hurry!!

	Each	Per 10	Per 100
12 to 18 ins.	\$.50	\$ 4.50	\$ 40.00
18 to 24 ins.75	6.50	55.00
2 to 3 ft.	1.25	11.50	100.00
3 to 4 ft.	1.50	13.50	125.00

Hydrangea, arborescens grandiflora (Hills of Snow)—The flowers are similar to snowballs in appearance, white and imposing, blooming throughout the season. Excellent for solid low borders and foundation plantings. One of the few shrubs which bloom well in shade. Each 18 to 24 inches\$1.50
2 to 3 feet 2.00

Hydrangea macrophylla "Nikko Blue" (Blue Hydrangea)—The most beautiful of all hardy blue Hydrangeas. It has withstood temperatures of 20 degrees below zero. Tops die down in winter, but give them a little protection and the crowns will grow into bushy shrubs in one season. 2 to 3 feet tall with masses of China blue flowers. Try this new plant in your garden. (Needs addition of an acid fertilizer). Each 3 year Crowns 3.00

Hydrangea, P. G.—Magnificent full Hydrangeas, famed for its huge cone shaped flowers of white that later are tinted pink and bronze, lasting for weeks. Fine for winter bouquets. Loves shady locations. Hardy, easy to grow, blooms first season planted. Each 18 to 24 in.\$1.25
2 to 3 ft. 1.75
3 to 4 ft. 2.25
4 to 5 ft. (Tree form) 4.25

HYPERICUMS

Hypericum, hidcote (New dwarf)—Highly prized for their sunny yellow flowers produced in mid-summer when few other shrubs are in bloom. A low rounded jewel 2 to 3 feet in height. Used in foreground of shrub borders and in naturalistic plantings. Flowers 3 inches across. —Each 12 to 18 inches\$2.00

Hypericum, Golden St. Johnswort—Hardy dwarf shrub with dark green foliage that hangs on into winter. Blooms in July-August with yellow flowers at a time when most shrubs are out of season. Each Per 10 Per 100
12 to 18 in.\$.85 \$ 7.50 \$65.00
18 to 24 in. 1.25 10.00 90.00
2 to 3 ft. 1.50 12.50

Ilex, verticillata (Winterberry)—The bright red holly berries appear while the leaves are still green making an excellent color combination. They remain on the plant long after the leaves have fallen, frequently until Christmas, when they appear in all sorts of decorations. 18 to 24 inches B&B\$3.00

Kerria, Double Japanese Yellow—Has choice double golden flowers not unlike the button Chrysanthemums. Bushy in habit, to 4 to 5 feet, with many bright green stems, attractive all winter. Give it a sunny location and its golden blooms all summer will be a pleasure to observe. Flowers last well in water and are excellent for cutting. Each 15 to 18 in.\$1.50

LILACS

Lilac, Chinese (Persian)—The lovely, lacy, Chinese Lilac, often called the Improved Persian. Strong branches profuse with loosely clustered rosy-lilac blooms. Excellent for screen borders and develop handsome hedges. 6 to 8 feet at maturity. Each Per 10
3 to 4 ft.\$1.50 \$12.50
4 to 5 ft. 2.00 17.50

Lilac, Common Purple—Very sweet scented. The most popular, and one of the earliest Lilacs to bloom. It is hard to outclass this old fashioned purple Lilac. Each 2 to 3 ft.\$1.50
3 to 4 ft. 2.00

Lilac, Common White—White form of the Common Lilac. Each 18 to 24 in.\$1.50
2 to 3 ft. 2.00

Lilac, French Hybrids—Until you have seen these Hybrid Lilacs, you cannot realize how beautiful they are. Immense single or double Lilac flowers. Bloom quickest, after planting, of all Lilacs, blooming very young, generally the next year after planting! We offer these Lilacs in 5 colors: Blue-Pink-Purple-Red-White! Each 18 to 24 in.\$2.00
2 to 3 ft. 2.75
3 to 4 ft. 3.25

Lilac, Japanese Tree—
See Shade Trees.

Lilac, "Pocahontas" Korean Early—The earliest to bloom of all the Lilacs, is also the only one with autumn color. This excellent hybrid blooms 7 to 10 days before Common Lilacs. They are very fragrant reddish purple and bloom freely with rather large open trusses. 18 to 24 in. B&B\$4.75

Lilac, villosa (Late)—This handsome shrub blooms after all other Lilacs are gone, with a rosy-lilac colored flower. Has the best foliage of all Lilacs and is a compliment of any border. Sold out this spring.

Lindera, Spicebush—A dense shrub with small spicy-fragrant yellow flowers in early spring before the leaves. In the fall the leaves turn to a clear golden yellow. When the leaves fall red berries remain on female plants. Well worth planting! Each 2 to 3 ft.\$2.25
3 to 4 ft. 2.75

MOCKORANGE

Mockorange "Frosty Morn," Dwarf—Pure white very double and extremely fragrant flowers in June and July. Ultimate height is a dwarfed 40 inches. Just the plant where a hardy, dwarf prolific flowering shrub is wanted. (Pat. No. 1174). 18 to 24 inches\$2.50

Mockorange, Golden—Bright yellow foliage makes a striking contrast with other shrubs or evergreens. Each 18 to 24 inches\$2.75

Mockorange, Minnesota Snowflake (Plant Pat. No. 538)—A very hardy new Mockorange. Introduced by a Minnesota nursery. The name snowflake describes the shrub correctly. When in full bloom, the foliage is completely obscured by the profusion of large white flowers. 2 to 3 ft.\$1.50

Mockorange, Sweet—Familiar shrub with vigorous erect habit that has white blossoms near Memorial Day. The breath of Orange blossoms, intense from the multitude of blooms, makes it a necessity to a garden and works splendidly in all sorts of plantings. Each
3 to 4 ft. **\$1.25**

Mockorange, Sweet Dwarf—A new edition of the very fragrant Sweet Mockorange—just the shrub for dwarf borders, foundation plantings and where the pleasing fragrance can pass through your window. Each
18 to 24 in. **\$3.00**

Mockorange, Virginal Double Flowering—A magnificent new variety. Far exceeds any other Mockorange in beauty and form. Flowers are semi-double and cover the entire bush in early June. Has scattered blossoms the balance of the year. Each Per 10
12 to 18 in. **\$1.25 \$7.75**
2 to 3 ft. **1.25**
3 to 4 ft. **1.75**
4 to 5 ft. **2.25**

Mockorange, Virginal "Boquet Blanc"—Flowers single, 1 inch in diameter, plant grows 6 feet high, of a moundlike habit, bearing its flowers evenly distributed over the whole plant. — Each Sold out this spring.

Ninebark, Dwarf—Very thick and bushy in growth with attractive light brown bark, creamy white bloom in late Spring. Very good for informal hedges or low borders. Each
18 to 24 in. **\$1.25**
2 to 3 ft. **1.75**

Photinia Oriental (villosa)—Beautiful shrub with shining green foliage turning burning red in the fall. Highly prized for its brilliant red berries which are cut in early winter for bouquets. From this comes another common name "The Christmas Berry." Each
3 to 4 ft. B&B **\$3.50**
4 to 5 ft. B&B **4.50**

Potentilla, Gold Drop—Charming small shrub, compact growth. Ultimate height 2 to 2½ feet. Excellent for under-window plantings. Buttercup-like flowers from early June until October. 18 to 24 in. **\$1.50**

Potentilla, White (dahurica)—Same shrub as Golddrop, except that it has white flowers instead of yeallow. Each
18 to 24 in. **\$1.75**

PRIVETS

Privet, Amur River Hedging—Well known formal hedge plant for shearing. The hardest plant grown, and one of the most attractive!

	Each	Per 25	Per 100
18 to 24 in. Light		\$ 5.50	\$ 25.00
18 to 24 in. Heavy		9.25	35.00

Privet, Border (obtusifolium)—Has white flowers in mid June, followed by black fruit. Autumn foliage is colored russet to purplish. Excellent for a screen to that privacy you want in your back yard. Each Per 10 Per 100
3 to 4 ft. **\$1.25 \$10.00 \$ 85.00**

Privet, English Pyramidal—Columnar compact form of Privet requiring very little trimming. Fancy as a narrow hedge, window boxes, etc. Green waxy leaves makes this Privet "Shines" above the rest of the family.

	Each	Per 10	Per 100
3 yr. Transplants		\$ 7.50	\$ 65.00
18 to 24 in.		15.00	125.00
2½ to 3 ft. B&B		\$5.00	40.00 125.00

Privet, Golden (Vicary)—New hardy Privet that carries golden-yellow leaves, providing a wealth of interesting contrasts from early spring until late fall. Develops a neat compact shrub that can be trimmed into any shape. Suitable for use as an individual shrub, or for hedging. Each Per 10 Per 100
15 to 18 in. **\$1.25 \$10.00 \$ 85.00**

Privet, Ibolium—Has the shiny green leaves considered the most attractive of all hardy Privets. Should be treated as Amur River Privet.

	Each	Per 10	Per 100
3 to 4 ft.		\$.75 \$ 6.50	\$ 55.00
5 to 6 ft.		1.25 11.00	95.00

Privet, Lodense Dwarf—Very compact growing and requires little shearing. The foliage is very dark green and hangs on until mid-winter. Excellent for edging formal gardens.

	Each	Per 10	Per 100
2 yr. transplants (6/12")		\$.75 \$ 6.00	\$ 50.00
15 to 18 in.		1.25 10.00	85.00

Privet, Regals—Low spreading graceful shrub in much demand for foundation groups and borders. Thick, dark-green glossy foliage. Does well in shade too! 4 feet high at maturity.

	Each	Per 10	Per 100
18 to 24 in.		\$1.25 \$11.00	
2 to 3 ft.		1.75 15.00	

Prunus, Almondcherry Pink (Pink Flowering Almond)—This continues to be one of the aristocrats among flowering shrubs. New habit of growth never gets out of bounds. Stems are covered in early Spring with double pink flowers. Should be in every shrub border for early spring color. Excellent in foundations. Each
18 to 24 inches ✓ **\$1.50**

Prunus besseyi (Hanson Bush Cherry)—A new fruit-bearing shrub. Fruit grows massed in clusters almost completely covering the branches. Not only is it highly ornamental when in fruit, but the Cherries make wonderful rich jelly and jam. Often bears the first year after planting. Ultimate height, 4 to 5 feet. They always retain their dwarf stature.

	Each	Per 10	Per 100
18 to 24 in.		\$.75 \$ 6.00	\$ 50.00
3 to 4 ft.		2.00	

Prunus tomentosa (Nanking Cherry)—A contented-looking shrub with straight upstanding branches, each stem completely surrounded by tiny Cherry blossoms, which envelope the whole bush. The red fruits which follow are very attractive and are delicious to eat. Each
2 to 3 ft. **\$1.25**
6 to 7 ft. B&B **6.50**

Quince, Dark Red Flowering—"The Red Fire Bush"—Covered with dazzling scarlet flowers early in spring. Very charming in combination with Forsythias and other early bloomers or in foreground of evergreens.
Sold out this Spring.

Quince, Glowing Embers—Upright growing shrub of uniform habit, dense growth and with brilliant flame-red flowers. Flowers produce a smashing effect in early spring before leaves.
Each
15 to 18 in. B&B\$3.00

Quince, "Nivalis" White Flowering (Fancy)—
2 to 2½ ft.\$2.50

Rhodotypos, Jetbead—With white flowers of four petals and shiny black fruits remaining on the plant all winter, the Jetbead is often used in foreground plantings. A general purpose shrub of outstanding merit and can be worked into any shrub border.
Each
2 to 3 feet\$1.50
3 to 4 feet2.00

Rose, Father Hugos (hugonis)—Graceful arching shrub, 5 to 6 feet in height. One of the earliest ornamental plant to come into flower, it frequently opens in April, covering itself with thousands of single yellow flowers of delicate fragrance.
Sold out this Spring.

Rose, Grootendorst Red—This plant is the showiest hardy red rose in existence. It is covered the entire season with clusters of semi-double red roses. Vigorous grower and can be used almost anywhere in border.
Each
18 to 24 inches\$1.75

Rose, Hansa Red —
Sold out this Spring.

Rose, Hanson's Pink —
2 to 3 ft.\$1.75

Rose, Harrisons Yellow—An old fashioned yellow shrub rose, now returning to favor. The showy yellow roses, the fruits which follow, and the delicately cut foliage are among its assets.
2 to 3 feet\$2.00

Rose, Multiflora—
Large seedlingsPer 100 \$10.00

Shepherdia "Silver Buffaloberry"—A tall dense shrub with silvery leaves and red oval edible fruits, valued for "Unusual" jellies and preserves. Very attractive for color contrast in a mixed shrub planting. People touring the nursery invariably stop, point, and ask, "My, what's that pretty shrub?"
Each
18 to 24 in.\$1.75

SPIREAS

Spirea "Anthony Waterer"—A favorite low-grower (2 to 3 feet at maturity). Masses of rose-crimson flowers envelope the plant in July, then scattered bloom until frost. Ideal for edging, low hedge, and foundation planting.
Each
18 to 24 inches\$1.75
2 to 2½ feet2.00

Spirea Billiard—Blossoms from July into September with large heads of rich warm pink flowers often 10 or more inches long on stems up to 4 feet long!! Good crisp green foliage even during midsummer. A fine plant for the border and in masses on slopes where layering stems will hold soil against erosion.
Each
2 to 3 feet\$1.75

Spirea, Frobels—Compact shrub of medium height producing numerous flat-topped clusters of orchid pink flowers during the summer. Later the foliage turns to the autumn colors.
Each Per 100
12 to 18 in.\$.75 \$ 6.00
2 to 2½ ft.1.50 12.50

Spirea, Japanese Red (japonica coccinea) —Similar in growth and habit to the Anthony Waterer Spirea. The flowers are a richer crimson red.
Each
18 to 24 in.\$1.75

Spirea, Japanese White—Can be described as a "White Flowering Anthony Waterer" Spirea. Same dwarf neat compact habit as Anthony Waterer, with snowy white flowers, rather than red.
Each
18 to 24 inches\$1.75

Spirea prunifolia plena (True Bridal-wreath)—Shrub of rather stiff dense growth, with shiny foliage, turning bright autumn tints in the fall. Has tiny double white flowers in clusters borne with utmost profusion along all of the branches as the leaves appear in the spring.
Each
2 to 3 feet\$1.50
3 to 4 feet\$2.00
4 to 5 feet (Hvy.)2.50

Spirea, Reevesiana (Double)—One of the most attractive of all spring white flowering Spireas. Spreading bush to a height of 4 or 5 feet. Its moderate height and size, its dense fine textured foliage effect, and its very attractive pure white flowers combine to make it a very superior shrub for home planting.
Each
3 to 4 ft.\$2.00

Spirea, thunbergi—A shrub with thin, arching branches plentifully besprinkled in very early spring with tiny single snow white flowers. It is a dainty and very beautiful shrub, with feathery fresh green foliage that in autumn turns scarlet and orange.
Each
3 to 4 ft.\$1.50
4 to 5 ft.2.00

Spirea, vanhouttei—One of the finest of the flowering shrubs and none so popular or widely planted. Its adaptability to almost any soil or situation makes it one of the most desirable shrubs under cultivation.
Each
2 to 3 ft.\$1.00 \$ 7.50
3 to 4 ft.1.25 10.00
4 to 5 ft.1.75 13.50

Sumac, Aromatic—Excellent globe shaped shrub with brilliant aromatic foliage that colors orange to scarlet in the fall. Attractive bright red fruits. Used in bank plantings, covering roadside cuts and mass planting where fall foliage and fruits will be especially attractive.
Each Per 100
12 to 18 in.\$1.00 \$ 7.50

Symphoricarpos, Coralberry Improved (Chenaulti)

—Graceful shrub with coral-colored berries that hang on during the winter. Its habit and fine texture of foliage and twigs make it fine for foundation planting. Will grow in shady locations too!

Each Per 10
18 to 24 in. **\$1.00 \$ 7.50**

Symphoricarpos, Coralberry "Hancock Creeping"—

An outstanding introduction for ground cover, bank planting or front of shrub border. Forms an extensively dense, neat mat with small healthy foliage and lots of rosepink berries.

Each Per 10
18 to 24 in. **\$1.25 \$ 9.00**

Symphoricarpos, Coralberry "Magic Berry"—New!

What a beauty. Its fruiting stems are held erect away from the plant completely unhidden by the foliage, for all to enjoy!! The habit is identical to the Chenault Coralberry. (Available Fall 1958). Add to this its colorful foliage effects and you have a decided improvement upon a good plant!

Each Per 10
18 to 24 in. **\$1.50 \$12.50**

Symphoricarpos, Snowberry "Whitehedge"—NEW

Large erect trusses of white fruits. Looks like handful of popcorn! Birds love 'em!! Good in shade.

Each
2 to 3 ft. (Fall) **\$2.00**

Symphoricarpos, Snowberry "Mother-of-Pearl"—

The first pink Snowberry. Graceful dense shrub up to 2½ ft. high, withstanding shade or sun. The plant is covered with large, beautiful pink berries at the tips of the branches from September until November. Excellent shrub for hedges and general garden use.

Each Per 10 Per 100
1 yr. cuttings (Fall only) **\$ 3.50 \$ 30.00**
18 to 24 in. (Fall only) ... **\$2.00**

Tamarix, odessa—Lowest growing of the Tamarix (6 feet) and is the best for small gardens and easiest species to keep pruned. There is lacey loveliness about this shrub not found in others. The silvery-blue-green foliage is like a sheer veil. A sharp and delightful contrast is made by the airy rose-pink flower spikes which appear all summer. Ultimate height, 8 feet. Sold out this Spring.

VIBURNUMS

Viburnum burkwoodii—This is proving a popular substitute (6 feet) for *Viburnum carlesii*, and we think justly so. It is just as hardy, and is more vigorous in habit. Habit very similar to *carlesii*. Sold out this Spring.

Viburnum carlesii (Fragrant)—As the foliage unfolds in the spring this plant is covered with ball-like pink flowers that give out a delicious fragrance similar to that of the Mayflower. Plant in a sunny, well drained location. — Each 18 to 24 in. B&B **\$4.00**
2 to 2½ ft. B&B **6.00**

Viburnum dentatum (Arrowwood)—Upright growing with light green leaves. Flowers greenish white followed by black fruit. A fine shrub for massing or foliage effect.

Each Per 10 Per 100
12 to 18 in. **\$ 6.00 \$ 50.00**
3 to 4 ft. **\$1.50**
4 to 5 ft. **2.00**

Viburnum dilatatum (Linden)—One of the best for its very colorful bright red fruits. Dense and compact in habit, it is covered with fruit every fall. The fruit clusters are sometimes 5 inches in diameter. Autumn foliage is russet-red.

Sold out this Spring.

Viburnum, lantana (Wayfaring)—A large robust shrub with fuzzy foliage, light green above and silvery beneath. After this plant has been in a border a few years it outshines all shrubs with its remarkable foliage.

Each
18 to 24 inches **\$1.50**

Viburnum lentago (Nannyberry)—Dense upright strong growing. Long shiny foliage, purplish-red in autumn. Flat white flowers, blue-black berries. Thrives in sun or shade .

Each
2 to 3 feet **\$1.75**

Viburnum Molle (Kentucky)—Much like *Viburnum dentatum*, but lower in stature, with darker foliage and flowers somewhat later.

Each
3 to 4 ft. **\$1.50**

Viburnum opulus (European Cranberry-Bush Viburnum)—Beautiful tall shrub with vivid red berries, resembling cranberries, in the fall and winter. Earlier in the season its flat white, clustered flowers are very pleasing against bright green foliage.

Each
2 to 3 ft. **\$1.25**
3 to 4 ft. **1.75**

Viburnum opulus nana (Dwarf Cranberry-Bush)—

A dwarf stubby plant never over 2 feet high, particularly adapted for edging and hedges in wet or heavy clay ground, where it is difficult for others to thrive. Can be clipped or left natural, in either case, it grows into a fine compact and low hedge requiring no care.

Each Per 10
15 to 18 in. (5 yr.) **\$1.75 \$15.00**

Viburnum opulus sterile (Snowball)—Old fashioned shrub that grows anywhere and blooms well. Characterized by its large clusters of white flowers at Memorial Day.

Each
4 to 5 ft. **\$1.75**
5 to 6 ft. **2.25**

Viburnum prunifolium (Black Haw)—Large (½ inch) blue-black berries (edible) are the outstanding feature of this large shrub. Its shining red autumn foliage merits applause too. An excellent plant specimen or for massing.

Each
18 to 24 inches **\$1.50**

Viburnum Siebolds—Dr. Wyman says of this plant, "If I were to choose only one *Viburnum* for my garden, I think it would be this, because of the splendid long leaves (6 inches), its very desirable branching habit which results in rounded masses of foliage, interspersed with open areas where lights and shadows add much interest, and also because of its colorful fruit." The aristocrat among *Viburnums*.

Each
18 to 24 inches B&B **\$2.75**

Virburnum tomentosum (Doublefile)—Has an unusual branch formation spreading in horizontal layers. Flowers along topside of branches giving them a frosted appearance. The abundant red fruit is shown well. A splendid specimen plant. Each
2 to 3 ft. \$1.75
3 to 4 ft. B&B \$4.25

Virburnum tomentosum plicatum (Japanese Snowball)—If all other Viburnums were thrown into discard, this one would justify the family. In early June the horizontal branches become perfect mosaics of wheel-like clusters, ringed with dazzling white flowers, with spidery sunburst centers resembling a fall of snow. Ultimate height, 7 feet. Each
18 to 24 inches B&B \$4.00

Virburnum wrightii—Bright scarlet berries that stay on all winter in thick attractive clusters. More upright and compact than *Virburnum dilatatum*. Fall colors cast dark crimson and purple hues. Each
2 to 3 feet \$2.25
3 to 4 ft. \$2.75

Vitex, Chaste Tree—Rich lavender-blue spikes of bloom from July to frost, 4 to 6 feet high. Star-like foliage. Striking appearance. Sold out this Spring.

WEIGELAS

Weigela, Pink—Deep pink blossoms borne in June of this hardy Pink Weigela. Beautiful showy shrub. Each
3 to 4 ft. \$1.25
4 to 5 ft. 1.75

Weigela, Pink "Dropmore"—A new hardy strain of an old favorite. Under field trials here at the nursery it is proving so superior we are discontinuing the Old Fashioned Pink. 2 to 3 feet \$2.00

Weigela, Red—One of the most beautiful Weigela grown. Flowers throughout the summer and fall. Color of bloom is soft ruby-red, shading to garnet. Visitors here at the nursery are quick to note its superior qualities. Each
2 to 3 ft. \$1.50
3 to 4 ft. 2.00

Weigela, Red "Bristol Ruby" (Plant Pat. No. 492)—Flowers are a sparkling ruby-red, produced in tremendous quantity in the spring and intermittently throughout the summer. It grows into a well rounded specimen requiring very little pruning. Sold out this season.

Willow, Dwarf Arctic Hedging—Beautiful new edging shrub. Will thrive in any type soil. Has fine cut bluish leaf and makes SPECTACULAR low hedge. Should have full sun to develop maximum attractiveness.

	Per 10	Per 100
12 to 15 in.	\$7.50	\$60.00

Willow, Rosegold Pussywillow—Low mounded plant to 3 feet, taking root where stems touch the ground. Foliage silvery, stays on late. Huge catkins silvery gray, then turn rosy pink dotted with hundreds of bright yellow stamens, and finally become nearly solid gold. Each
12 to 18 in. Each \$1.50

Witch Hazel—A spreading shrub of irregularly rounded outline, compact when young, but becoming open and picturesque with age. Will grow in partial shade and endures city conditions. Has misty yellow bloom in fall after leaves fall. Useful as a background shrub and as a specimen. Each
2 to 3 ft. \$1.75
3 to 4 ft. 2.25
3 to 4 ft. B&B (tree form) 4.75

VINES

Aristolochia, Dutchmens Pipe—A heavy growing vine reaches 30 feet or more. Of definite use where heavy foliage contrasts are desired as leaves are 12 inches and dark green. Best used where heavy shade is desired on porches, trellises, arbors or fences. Each
3 year \$4.95

Bittersweet—Clusters of berries are large, the colors bright and the fruit stems long. The whole aspect of the vine is graceful. When ripe the bright yellow berries burst open to reveal brilliant red center. Hard to beat for winter decoration, indoors or out.

	Each	Per 10
1 yr. No. 1	\$.75	\$ 6.50

Clematis Jackman (Purple)—Hardy vine with very large purple flowers. They like rich moist situations and not too sunny a location. A favorite for trellis, arbor, porch. Each
2 1/4 inch pots \$1.95

Clematis Mme. Andre (Velvety purple-red)—2 1/4 in. Pot Each \$1.95

Clematis Henryi (Giant White)—2 1/4 in. Pot \$1.95

Clematis Ramona (Lilac)—2 1/4 in. Pot \$1.95

Clematis texensis—Has curious urn shaped flowers of reddish-rose, softened on the inner side with buff and pinkish buff tones. The long-haired seed clusters are truly fascinating. Plant near a fence or let it ramble over a stone wall and it will soon take on a character of its own. Sends up entirely new growth each year. Sold out this Spring.

Honeysuckle, Halls Japanese—Strong grower. Holds foliage until early winter. Flowers are white, changing to yellow. Very fragrant. Excellent for holding banks and ground cover. Each Per 10 Per 100
2 yr. No. 1 \$.75 \$ 5.00 \$ 25.00

Honeysuckle, Tellman Redgold—Extremely long flowers that are very striking. The buds are golden, flushed with red. They open into huge, intensely golden trumpets. Clean light green foliage above and blue-green below. In windy weather the varying colors caused by the difference in shades creates unusual and interesting effects. Blooms May-June.

3 yr. No. 1	Each \$2.25
-------------------	-------------

Ivy, Boston—The best known vine for covering walls and chimneys. It climbs rapidly once it has firmly taken root, and will cover the entire side of a house in a few short years. Plant 6 feet apart. Each
2 year No. 1 \$1.75

Ivy, Thorndale Evergreen—Have year around beauty with the lovely English Ivy. Enjoy its glossy green leaves, even in the winter on house walls, chimneys, fences and gates. Nice when used for banks and slopes, cover trunks of big trees and edging pools.
Each
2 year cans**\$2.25**

Polygonum, Silver Lace Vine—The fastest growing vine in cultivation. Reminds one of the cartoon of the vine that grows to fast you have to shut the door quick to keep it from following you in. It's what you want to cover a big area in a short time. Either on trellis or on the ground. Blooms first year with great masses of foamy white flowers.
2 yr. No. 1Each **\$1.50**

Rose, Climbing—See Rose Section

Wisteria, Chinese—Long, attractive clusters of purplish-blue flowers early summer. Vigorous grower and one of the hardiest climbers.
Each
2 year No. 1**\$1.75**

GROUNDCOVERS

Euonymus fortunei minimus—Tiny leaves less than ½ inch long. Admirable where a small place is to be covered.
Each
2 inch Pots**\$1.00**

Euonymus, Littleleaf Wintercreeper (Acutus)—Lowest growing of the Euonymus, this little gem seldom reaches 6 inches in height as a ground cover. Equally good in dense shade as it is on steep sunny banks. Also a good climbing vine for house walls, chimneys, tree trunks and garden walls. Plant 18 inches apart as a ground cover, 6 feet apart as vine.
Each
1 year Cans**\$1.75**

Euonymus, Purpleleaf Wintercreeper (Coloratus)—Leaves quite large, purplish fall and winter. An excellent ground cover and fine as a climbing vine.
Each
1 year Cans**\$1.75**

Pachysandra (Japanese Spurge)—
2 year Cans**\$1.50**

Pachistima canbyi (Ground Cover)—Small Holly-leaved prostrate evergreen shrub—spreads to 18 inches. Several planted together make a charming ground cover. Grows well in sun or shade. Because of its fine habit, without any care, it is rapidly becoming first choice as a ground cover for graves as well as small shady spots in the garden. Plant 6 inches apart.
Each**\$1.50**

Vinca Minor (Periwinkle)—Lovely ground cover for shady places that are difficult to maintain. Dark glossy, green leaves on trailing runners. Sky blue flowers in June to augment beauty of foliage.
Each Per 10
Cans**\$1.50 \$4.00**

Vinca Minor "Bowles" Variety—Larger and glossier foliage than the other fine Vincas. Threatening to "Out date" common Vincas. The flowers too are more intense and tend to grow more in clumps. Flowers China-Blue.
Each \$.75 per 10 **\$6.95**

Polygonum, Dwarf Fleece Vine (reynutria)—Its pale green foliage is aflame with brilliant red hues. Height between 6 and 10 inches. In fall has airy pink sprays of flowers, not unlike those of Silver Lace Vine. One of the best ground covers for sunny places where Vinca would not be satisfactory. Space plants 18 inches apart.
Each 3 for
3 year**\$1.50 \$3.95**

ROSES

HYBRID TEA ROSES

2 year No. 1Each **\$1.75** 3 for **\$4.65**

RED SHADES—

Crimson Glory—Deep crimson, perfect form, large size and fragrant.

Red Radiance —

PINK SHADES

Eutin—Deep red. Our highest rated floribunda.

Floradora—Scarlet and geranium red. AARS award 1945.

Frensham—Dark velvety crimson.

LaFayette Improved—OUR FINEST!! Large clusters of bright cherry-crimson roses!

Rose Elfe—LaFrance pink. Our best pink.

CLIMBING ROSES

Blaze, Everblooming—New improved strain of the popular climber, blooming throughout the summer season until frost. Brilliant 2 to 3 inch scarlet-red.
2 year plantsEach **\$2.25** 3 for **\$5.90**

Pauls Scarlet—Large well shaped flowers of a vivid scarlet. Red that does not fade.
2 yr. No. 1**\$1.50**

PATENTED CLIMBING ROSES

Climbing Crimson Glory (Patent No. 736)—Produces an abundance of perfectly formed crimson roses. Everblooming.

Price\$2.50 3 for \$6.60

Dr. J. H. Nicholas (Patent No. 457)—Vigorous plant carrying dark green foliage. Produces fully double deep pink flowers, five to six inches across. Grows 8 to 10 feet high and is everblooming.

Price\$2.25 3 for \$6.00

Golden Showers (Patent applied for)—Golden Showers is the first winter-hardy everblooming Pillar and Climbing Rose that actually blooms from early spring through to late fall. The buds and flowers are exquisitely shaped daffodil yellow, long pointed buds with fragrant, high centered, 25 to 30 petaled, $3\frac{1}{2}$ to 4 inch, yellow open blooms. Almost thornless. Highly resistant to mildew and black spot. 1957 AARS AWARD WINNER.

Price\$3.00 3 for \$7.95

PATENTED FLORIBUNDA ROSES

Circus (Patent No. 1382)—The predominant color is yellow with tight buds marked with red. As blooms open they offer an ever-changing succession of delightful shades, with the fully-blown flowers pitting on a finishing flourish of bright scarlet. Changing colors—yellow, orange, apple blossom pink, and red makes it unique in the Rose world. Fits beautifully into the garden as a colorful border, massed in beds or planted singly. The only winner of the coveted AARS AWARD FOR 1956.

Price\$2.50 3 for \$6.60

Fashion (Patent No. 789)—Brilliant luminous coral flowers overlaid with gold, opening with waxy graceful petals. AARS AWARD FOR 1950.

Price\$2.00 3 for \$5.25

Fusilier (Patent applied for)—Rich, orange-red of great brilliance which runs to a darker cherry red in the fall. Petals are frilled!! 1958 AARS award!!

PriceEach \$2.50 3 for \$6.60

Gold Cup (Patent applied for)—Golden yellow blooms hold their color throughout the life of the flower. Lovely fragrance. Glossy foliage. 1958 AARS award!!

PriceEach \$2.50 3 for \$6.60

Ivory Fashion (Patent No. 1688)—Buds like a H. T. High centered flower is almost 4 inches wide! The ivory color is set off by a suggestion of yellow in bud stage. Bloom period unusually long!

1955 AARS AWARD WINNER!!

Price each \$2.75 3 for \$7.20

Jiminy Cricket (Patent No. 1346)—Features tangerine red buds, opening to coral-orange and finishing in a pink-coral. Pleasing old rose fragrance. AARS AWARD for 1955. Its prolific blooming habit qualifies it as an outstanding color mass in border edge. When cut the flowers hold well for household arrangements.

PriceEach \$2.00 3 for \$5.25

Red Pinocchio (Patent No. 812)—Rich carmine; gradually deepens as blooms open. Wild rose fragrance.

PriceEach \$1.75 3 for \$4.65

Spartan (Patent No. 1357)—Clusters of burnt orange buds open slowly to a huge high centered Hybrid Tea shaped bloom of bright orange red. Fragrant.

PriceEach \$2.75 3 for \$7.20

Vogue (Patent No. 926)—Unique, brilliantly glowing cherry-coral roses, 3 to 4 inches in diameter. Rich spicy fragrance. AARS AWARD for 1952.

PriceEach \$2.00 3 for \$5.25

Price 3 year PotsEach \$3.00 3 for \$7.95

White Boquet (Patent No. 1415)—First white Floribunda AARS award, 1957. Spicy fragrant flowers to 4 inches across in clusters and as individual flowers. Dark green foliage. 18 to 24 inches tall.

PriceEach \$2.50 3 for \$6.60

PATENTED HYBRID TEA ROSES

Chrysler Imperial (Patent No. 1167)—Its vivid rich tones of crimson are enhanced by darker overtones of glowing oxblood-red, and the gem-like lustre of garnet in the buds retains its sparkling beauty. Flowers measure $4\frac{1}{2}$ to 5 inches with 40 to 50 wide petals!! The opening of each rose is a spectacle of changing iridescent shades of red. AARS AWARD for 1953.

PriceEach \$2.50 3 for \$6.60

Helen Traubel (Patent No. 1028)—The color varies with the weather, sometimes a sparkling pink, more often a shining apricot. Its long large buds are magnificent and the half open flower and fully opened blooms display the color in an even more lavish way. AARS AWARD for 1952.

PriceEach \$2.50 3 for \$6.60

Katherine T. Marshall (Patent No. 607)—Large open upright blooms of warm glowing pink. This rose has a wonderful, fruity fragrance.

PriceEach \$1.75 3 for \$4.65

Mojave (Patent No. 1176)—AARS AWARD for 1954. Blend of salmon, apricot and orange and in cool weather this salmon changes to red blended with orange and apricot.

PriceEach \$2.75 3 for \$7.20

New Yorker (Patent No. 823)—Brilliant red with color long lasting. Flowers often measure $6\frac{1}{2}$ inches across, overlaid with a rich velvety sheen.

PriceEach \$2.25 3 for \$6.00

Peace (Patent No. 591)—Adjudged by experts to be the greatest rose of all time!! Magnificent large very double blooms, ranging in color from a deep yellow in bud to creamy yellow with cerise-pink edging as the petals unfold and finally an alabaster shade in fully open blooms. Very strong grower.

PriceEach \$2.50 3 for \$6.60

Rose of Freedom (Patent No. 791)—Winner, City of Portland Award for 1947. A Hybrid Tea with 60 to 70 petaled, long stemmed, currant-red blooms with true Rose fragrance. Highest scoring red rose in 1946-47 nation-wide trials.
PriceEach **\$1.75** 3 for **\$4.65**

Tiffany (Patent No. 1304)—Long pointed buds are deep pink with golden yellow shadings at base of petals. Outstanding fragrance. AARS AWARD for 1955.
PriceEach **\$2.50** 3 for **\$6.60**

White Knight (Patent No. 1359)—First white Hybrid Tea ever awarded the AARS honor. Superb form of both bush and flower. The satiny white blossoms hold their purity of color on long stems ideal for cutting. The 35 petals rool loosely outward, achieving a stunning effect in the open flowers. 1958 AARS award winner.
PriceEach **\$3.00** 3 for **\$7.95**

PATENTED GRANDIFLORA ROSES

Buccaneer (Patent No. 119)—Brilliant flowers of non-fading, lasting clear yellow. Strong growing plant. Received Gold Medal at the Geneva, Switzerland, Trials and Certificate of Merit at Bagatelle and Rome.
PriceEach **\$2.50** 3 for **\$6.60**

Carrousel (Patent No. 1066)—The large double flowers could easily class this Rose as a Hybrid Tea, but the blooms appear in clusters so free blooming it is classed as a Floribunda. Continuous mass of glowing deep red flowers regardless of weather.
PriceEach **\$2.00** 3 for **\$5.25**

Queen Elizabeth (Patent No. 1259)—First grandiflora rose. Pure pink, and its blooms are set off dramatically by deep glossy foliage. Long, almost thornless stems. AARS AWARD for 1955.
PriceEach **\$2.50** 3 for **\$6.60**

Montezuma (Patent No. 1383)—Long buds of bright scarlet orange slowly changes to an attractive salmon orange as big double blooms unfold. Flowers in long stemmed clusters.
PriceEach **\$2.75** 3 for **\$7.20**

Starfire (P.A.F.)—Bright Cherry-red roses; both singly and in clusters. Exceptionally hardy! Compact growth!
1959 AARS AWARD WINNER! !

Price each **\$3.50** 3 for **\$9.00**

FRUIT TREES

APPLES

2 yr. Top GradeEach **\$2.25** 3 for **\$5.95**

SUMMER VARIETIES

✓ **Duchess Red**—Eating, pies and sauce.

✓ **Yellow Transparent**—Early July or August. Eating, pies, sauce, and baking.

FALL VARIETIES

✓ **Wealthy**—Ripen September. Excellent for pie sauce and baking apple.

WINTER VARIETIES

✓ **Red Delicious**—Flavor very mild, sweet and juicy. Good keeper.

✓ **Yellow Delicious**—Youngest and heaviest bearer. Keeps all winter. Wonderful pie and baking apple.

✓ **Grimes Golden**—Old favorite. Dependable and productive producer.

✓ **Jonathan**—For years the standard of quality. Crisp and tender.

✓ **Jonadel**—Tree resembles Jonathan in form and character. Fruit larger than Jonathan, bright red, smooth and good handling quality. Flesh is firm, crisp and juicy. Flavor milder than Jonathan but more acid than Delicious.

✓ **Winesap**—Delicious fresh or cooked. Grown everywhere with grand success. Baking, pastry, freezing, EVERYTHING!! A perfect all round apple.

DWARF APPLE

SMALL IN SIZE BUT BIG IN CROPS

DWARF FRUIT TREES

Bear full size fruit

Dwarf Apple Trees—In one or two years after planting, these low-growing, dwarf trees bear standard size apples, and now you can have a miniature orchard by spacing these "little fellows" about 10x10 feet. Originated in England, these trees always stay dwarfed and come into bearing very soon after planting.

A Dependable Team of Time Tested Favorites

Elberta (Yellow Freestone)—The great market Peach, midseason. Very large, golden yellow with a red cheek. Tree is very productive, yields large quantities of uniform, highly colored fruit. Can be shipped or hauled to distant markets. **EXCEEDINGLY PROLIFIC.**

Early Elberta—About a week earlier than Elberta, with all its good qualities. A special strain of Early Elberta that we have fruited for years and subjected to every test found it a moneymaker wherever grown.

J. H. Hale—In size and color, texture, flavor, keeping and shipping qualities, it is the "Giant of Peaches." Excellent freestone "Million Dollar Peach."

Belle of Georgia—Large attractive white Peach with red cheek. Delicious in flavor; one of the best market varieties. Very hardy and easy to grow. Home canners prefer Belle, and for some time it has been recognized as the best all-round white Peach on the market. Belle ripens midseason; large size free stone.

Home Nursery plants, standard for quality for many years, are still your best bet for big crops of better berries. As this is written in fall, 1858, all our plants look great. Why not plan to use some of them.

Premier—"The frost proof berry." Early berry rates high enough, both in firmness and freezing quality to have good acceptance by buyers either in the fresh market or for processing. **SURE CROPS and BIG CROPS** are the key to its lasting popularity.

Per 25 Plants—**\$1.50** Per 100 Plants—**\$4.00**

Dunlap—One of the best for canning! And ideal for table use. By far our best seller. Excellent for freezing.

Per 25 Plants—**\$1.50** Per 100 Plants—**\$4.00**

Robinson—"The Giant Berry." Fine for canning, eating and freezing. A very heavy bearer. We like the mild sweet flavor of Robinson so well we use it as our own dessert berry, and for freezing exclusively.

Per 25 Plants—**\$1.50** Per 100 Plants—**\$4.00**

Gem—"Equal to the Best." (Everbearing) We think more highly of Gem as one of the very best of the everbearers, as we read lengthy descriptions of other leading everbearers. For everything said of fancy new everbearers applies to Gem.

Per 25 Plants—**\$1.75** Per 100 Plants—**\$5.00**

RASPBERRIES

✓ **Cumberland (Black)**—Midseason. Berries are large fine, and sweet. Cumberland has been the standard blackcap for many years. Plants are self-supporting non-suckering. Plant in early spring.

No. 1 tipsPer 25 **\$3.00** Per 100 **\$10.00**

✓ **Black Hawk (New Giant Black)**—A new hybrid blackcap, originated by Iowa State College. Large, juicy and of rich flavor.

No. 1 tipsPer 25 **\$7.50** Per 100 **\$27.50**

✓ **Sodus (Purple)**—This variety is the most promising Purple Raspberry on the Geneva Experiment Farm. Berries are large, firm, and of good quality. Plants are vigorous and productive. Ripens shortly after Latham. **DOES NOT SUCKER!!**

No. 1 tipsPer 25 **\$4.50** Per 100 **\$13.50**

✓ **Latham (Red)**—Exceptionally large berries of good quality. Perfectly hardy; vigorous; disease resistant. Very heavy producer, very profitable commercially.

No. 1 suckers.....Per 25 **\$4.00** Per 100 **\$14.00**

✓ **Indian Summer (Red Everbearing)**—Fall or so-called Everbearing Red Raspberry. Berries are large, medium red, and good in quality. The summer crop ripens early. The autumn crop starts early in September and continues until severe frost. Plant are vigorous and bear heavy crops. Originated by the New York State Agriculture Experiment Station.

No. 1 transplants....Per 25 **\$5.00** Per 100 **\$17.50**

NOTICE TO CUSTOMERS

This catalog lists our trees and shrubs, but to appreciate them fully you should see them. **COME TO THE NURSERY AND LOOK AROUND!**

PLANTING begins in the spring as soon as the frost is out of the ground and extends through April, May and June. Fall planting begins in August and extends into December or until the ground freezes. When the season is far advanced, we reserve the right to ball and burlap (B&B) at extra charge, those items not so listed, to insure success in transplanting.

BUSINESS HOURS—Spring season (April and May) and fall season the Nursery will be open from 8:00 a.m. to 12:00 noon and from 1:00 until 5:00 p.m. Sunday from 9:00 a.m. until 12:00 noon and 1:30 to 4:00 p.m. During summer and winter months we are open 8:00 a.m. to 4:00 p.m. **SUNDAYS** by appointment only. No stock dug on Sundays.

PRICES in this list do not include cost of delivering and planting. Plants are priced for our selection only. Specimen plants, many of which are not included in this list, will be charged for according to their individual value when selected by you. All quotations subject to prior sale. These prices supersede all others and are subject to change without notice. On personally selected material for future delivery a 20% deposit is requested which is not refundable.

DELIVERIES—Free deliveries on orders of \$20.00 or more within a 50-mile radius of Lafayette. Special deliveries conflicting with normal schedule will be arranged and charged for at cost.

SALES TAX of 2½% is charged on all orders.
